Important updates in regards to upcoming events and the COVID-19 pandemic

Unfortunately with the continuing unfolding environment in regards to the COVID-19 pandemic and under the guidance of our national body Triathlon New Zealand, Triathlon Hawke's Bay has postponed all events we manage for the next 6 weeks (until 30th April) and have not confirmed any future dates for these events due to the uncertainty of the changing circumstances and period of time for this pandemic risk to past. This has been a disappointing decision to make but believe it is the right step to ensure the safety of our participants and spectators and try to mitigate the spread of the virus through the community.

We will be continuing to build our winter series which starts at the end of May, but are constantly monitoring the changing environment and will adjust our already published winter calendar of events if required and take the recommended guidelines from authorities or Triathlon New Zealand.

We understand that the current situation is unpredictable but we are still committed to manage community events where and when possible.

Thank you for your understanding and patience during this time. In the meantime stay safe and keep enjoying the training where possible and look forward to giving you all some updates as information comes to hand.

If you have any questions please feel to contact Tri HB General Manager Bruce Richardson directly at events@trihb.kiwi.

Regards

A handwritten signature in blue ink, appearing to read "Bruce Richardson", with a long horizontal flourish extending to the right.
